

Get **BIG BANG** for your marketing buck with our high impact yet low cost advertising options.

Trailer Billboards

Advertising your message effectively is critical in achieving reach with target audiences. Trailer billboard advertising can take your message directly to them.

With one of our trailer billboards, you can place your billboard on a site most likely to connect with the audience you are after.

Traditional billboard advertising is great value, gains the response and attracts attention like trailer advertising.

A mobile billboard allows flexibility in how you use it. We have multiple locations including high-traffic areas to choose from or you can place on your own property should it be suitable.

We can help you with the whole process – from the design of the billboard itself, through to installation and selection of a desirable site.

*plus production of your billboard skin

from
\$150
per week*

Fence Advertising

Banner Advertising

ON OUR FENCES

We have space available on our fences right across Christchurch. Some of which is available on main and arterial roads.

This is a super cost-effective way to get your brand in front of thousands of potential customers on a daily basis.

*plus \$50 per banner for production

from
\$1
per day*

Large Format Advertising

Make it louder and splash your brand across full height scrim attached to select fences of ours on main roads.

This option has high-impact and can be very effective roadside advertising for an affordable price.

We can help with everything from design, printing and installation.

*plus production and installation

from
\$100
per week*
